

Typically financial aid awards cover an academic year which includes the fall and spring terms. If you will be attending the summer term (trailing term) and are interested in financial aid, you must inform the Office of Financial Aid by submitting this summer aid request form **after** you register for your classes. Once our office receives this form, we will put a summer financial aid package together for you. It is important to note that summer aid is extremely limited as most students exhaust eligibility at the end of the spring term.
