Earl D. Brooks II, Ph.D.

President

The Trine University seal symbolizes qualities for which the university stands, and upon which it relies, to fulfill its mission to prepare students to succeed, lead, and serve.

- ❖ *The shield* emblazoned with the Trine “T” represents empowerment through education.
- ❖ *The encircling laurel* is emblematic of the university’s longevity and status as a champion of enlightenment.
- ❖ *The dual circles* symbolize the perfection for which all those embraced by Trine University should strive.
- ❖ *The undulating outermost line* represents the ebb and flow of history and Trine University’s lasting place within it.

ATTENDANCE POLICIES

Unless absent for reasons of illness or participation in an event sanctioned by the University, students are expected to attend all classes and laboratory sessions regularly. Decisions regarding excused absences, including those for personal reasons, are to be made by the professor.

Documentation verifying an illness or demonstrated participation in a sanctioned event may be required.

If there is a death in the immediate family, please contact the Academic Affairs Office or Student Retention Office to inform Trine University of the death of an immediate family member (parent, legal guardian, spouse, sibling and/or child). Under these circumstances a student will be excused from class attendance for up to one week. The student shall make arrangements for completion of course with his/her professors upon return.

RELEASE OF INFORMATION FROM STUDENT ACADEMIC RECORDS

In accordance with Federal law, the following general principles and procedures govern the release of information from student academic records:

A written request containing information such as date of birth and/or Trine University student identification number is required before a Trine University transcript or other information from the student's academic record may be released. This written request must be signed by the student whose name appears on the transcript. Trine University will not release copies of academic records and transcript(s) from another institution.

Exceptions to the above statement are outlined below:

- The Registrar's Office may release transcripts or information from academic records including reports of academic standing to administrative and faculty members of Trine University whose responsibilities require this information.
- Public directory information from the student records may be released at any time unless restricted by the student. This includes the student's name, local and permanent addresses, telephone numbers, e-mail addresses, date and place of birth, major field of study, class year, participation in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, degrees and awards received, and photographs.
- Information pertaining to graduation and honors achievements may be released for publication unless otherwise restricted by the student.

Upon showing proper identification, a student shall be shown his/her Trine University permanent academic record and/or transcript(s) from another institution in case of transfer. A hold may be applied to the release of a transcript, or other information requested from an academic record, for a student who has an overdue indebtedness to the University or any University-recognized organization.

A current student may obtain a maximum of five unofficial (personal) copies of his/her Trine University transcript at no charge while attending the University. All official transcripts, bearing the Registrar's signature, University seal, and additional unofficial transcripts are \$3 per copy. Official transcripts will not be given or sent to the student's family, but will be mailed to any other person, business, or institution specified in writing by the student.

GRADING

The awarding of grades is the prerogative of the classroom instructor in accordance with policies posted in the Trine University Catalog. Faculty members are responsible for informing students of their grading policy and become official when they are reported to the Registrar. If a faculty member discovers incorrectly reported grades due to miscalculation or clerical error, the error should be reported to the Registrar immediately on the prescribed form. The appropriate

Department Chair must approve any adjustment of grades.

A student who disagrees with an assigned grade will take the following steps:

- Approach the professor and explain the problem.
- If the professor and student do not come to an agreement, the student should write a letter to the Department Chairperson.
- If the Department Chairperson's mediation does not resolve the issue, the student should file a written appeal to the Dean.

If these steps do not resolve the problem, or if impractical, the student may petition the Grade Review Board in writing for a hearing of the issue. Information regarding this may be obtained from the Vice President for Academic Affairs. The petition shall set forth in detail the basis for the review. This should be done by the midterm of the first regular term following the assignment of the grade. The Board may grant an extension on this time limit. If the Board agrees to hear the case, it will so inform the student by the end of that term. In grade review cases, the student is responsible for presenting evidence to support his/her position.

At the Grade Review Hearing, the student shall present his/her argument followed by the professor's response. The Board shall promptly prepare a written recommendation and forward copies to all parties involved, including the Chairperson and Vice President for Academic Affairs. The report shall include dissenting opinions on the Board, if any. Recommendations of the Board are advisory. In cases involving death, incapacity, or prolonged inaccessibility of the professor, or in similar unusual circumstances, the professor's immediate supervisor is responsible for assigning the grade. Records of each case heard by the Board shall be maintained in the office of the Vice President for Academic Affairs. If the student or professor involved wishes to appeal the decision on procedural grounds, he/she should file an appeal within two working days of the decision with the Vice President for Academic Affairs. If any procedural irregularities are discovered, he/she will notify the student and the Board within ten (10) working days after the appeal.

The Vice President for Academic Affairs shall appoint the faculty members who will serve on the Board. He shall choose one regular member and one alternate (who will be from a different department, if possible) from each school. In addition, the Student Senate shall elect two student members and their alternates. Student members must have junior or senior standing. The faculty members shall serve three-year, staggered terms, and the faculty members serving his/her third year will chair the committee. Student members shall serve one-year terms.

8-10 a.m.	8:00 M	12:30 T	11:00 T	11:00 M
11 a.m.-1 p.m.	9:00 M	10:00 M	9:30 T	8:00 T
2-4 p.m.	12:00 M	1:00 M	2:00 M	2:00 T
4:30-6:30 p.m.	3:00 M	3:30 T	4:00 M	
7-9 p.m.	5:00 M	5:00 T	Conflicts	

Key: Under Exam Dates, M and T refer to the days of the week the class meets
 M = MTWRF, MTRF, MTWR, MWF, MW, WF, M, W, or F
 T = TR, TRF, TF, T, or R

For example, if a class meets M W F at 8 a.m., the final exam will be held on Monday of final exam week from 2-4 p.m.

*If a class begins at 5 p.m. or later, the exam will be scheduled from 7-9 p.m. on the appropriate night.

It is the responsibility of each student to schedule his/her classes to avoid having four finals on one day. Sometimes this may be impossible; however, the situation is still the student's responsibility, so plan accordingly. If genuine conflicts do occur, students should resolve them at the beginning of the term.

GRADUATION REQUIREMENTS

Students are subject to the degree requirements in effect at the time of their initial entry to Trine University or, in cases involving change of major, the requirements of the new major at the time of the change. Once in a program, if the requirements change, the student has the option of graduating under the new requirements. Students who reenter the University after an absence of more than one academic year are subject to the degree requirements in effect at the time of reentry.

All Trine University students receiving masters, baccalaureate or associate degrees must meet the General Education requirements. A cumulative grade point average of at least a 2.0 must be achieved for all Trine University courses. All required courses or approved substitutions must be completed as described in the respective degree programs. Candidates for graduation must file with the Registrar to graduate no later than one semester before the final semester of attendance in which degree requirements shall be completed.

ACADEMIC MISCONDUCT

Academic honesty is required in all academic endeavors. Violations of academic honesty include any instance of plagiarism, cheating, seeking credit for another's work, falsifying documents or academic records, or any other fraudulent classroom activity. Violations of academic honesty may result in a failing grade on the assignment failure in the course, or expulsion from school.

- Violators of academic honesty include, but are not limited to, the following activities:
- Copying another person's work and claiming it as your own (plagiarism);
- Using the work of a group of students when the assignment requires individual work;
- Looking at or attempting to look at an examination before it is administered;
- Using materials during an examination that are not permitted;
- Allowing another student to take your examination for you;
- Intentionally impeding the academic work of others;
- Using any electronic device to transmit portions of questions or answers on an examination to other students;
- Using any electronic device to improperly store information for an exam;
- Knowingly furnishing false information to the University;
- Assisting other students in any of the acts listed above.

Presenting the ideas or the writing of someone else as one's own (plagiarism) or knowingly furnishing false information to the University by forgery, alteration, or misuse of University documents, records, or identification. Academic dishonesty includes, but is not limited to, the following examples: permitting another student to plagiarize or cheat from one's own work, submitting an academic exercise (written work, printing, design, computer program) that has been prepared totally or in part by another, acquiring improper knowledge of the contents of an exam, using unauthorized material during an exam, submitting the same paper in two different courses without knowledge and consent of professors, computer tampering or submitting a forged grade change slip. The faculty member has the authority to grant a failing grade in cases of academic misconduct as well as referring the case to the Office of Student Life.

OFFICE OF FINANCIAL AID

The Financial Aid Office staff recognizes that many students need financial assistance to help fund their educational goals. The mission of the Trine University Financial Aid Program is service-oriented and geared to providing access, choice, and education for interested students. To accomplish its mission, Trine University offers a variety of counseling and planning programs for students with economic need. Please be aware of the following financial aid policies:

- You must be enrolled as a degree-seeking student with a completed admissions file.
- You must be enrolled in at least six credit hours to qualify for Federal Student Loans.
- Financial aid is calculated based on the number of hours you are enrolled in at the end of the add/drop period.
- After accumulating 60 credits, you must carry at least a 2.0 cumulative GPA to be eligible for financial aid. Freshmen will have one academic year to achieve at least a 2.0 cumulative GPA to remain eligible for financial aid in subsequent terms.
- You are required to attend class. Students who completely withdraw or stop attending their courses may be required to pay back all or a portion of the financial assistance they received.
- To avoid late payment fees and delays in receiving your financial assistance, you are required to complete financial aid applications and return required documents to the financial aid office by the application deadline. To be considered for all sources of aid for which you may qualify, the Free Application for Federal Student Aid (FAFSA) should be completed no later than March 1st each year.

TRINE UNIVERSITY INSTITUTIONAL POLICY FOR SATISFACTORY ACADEMIC PROGRESS (SAP) MAIN CAMPUS

Trine is required to establish satisfactory academic progress standards for its federal, institutional and state financial aid recipients in accordance with the US Department of Education regulations. These standards will ensure that only those recipients who demonstrate satisfactory progress towards the completion of their educational programs (degrees) can continue to receive financial aid from all sources. PLEASE NOTE: Trine also includes institutional financial aid in this policy. There are 3 areas that are evaluated after the end of each academic year; unless you are currently on financial aid probation in which case you will be evaluated at the end of the current term that you were on financial aid probation (excludes first year full time freshman who will always have one entire academic year before they are evaluated): number of credit hours passed, cumulative grade point average and maximum time frame for degree completion.

By Federal Regulations financial aid recipients are required at the end of the second academic year to have a "C" grade point average (2.0 on a 4.0) scale in order to continue to receive financial aid (For Trine University Standards that equates to a 2.0 cumulative GPA).

Note – All Trine University Merit Aid requires that a 2.0 minimum GPA *at all times* (excludes first year full time freshmen who will always have one full academic year before any action is taken) – failure to maintain this cumulative GPA of 2.0 will result in the loss of Trine Merit aid for the term the student is below 2.0. Even if you are on financial aid probation – you will not be eligible for your Trine Merit Aid until you get your cumulative GPA at 2.0. You will have one academic term to regain your eligibility by bringing your cumulative GPA back to 2.0.

Academic Year Progression by Class and Effects on Financial Aid Probation -

0-29	First Year Freshman	Evaluated at the end of the first full academic year
30-59	Second Year Sophomore	Will be evaluated at the end of the academic year. Financial Aid Probation can happen
60-90	Third Year Junior	Will be evaluated at the end of the academic year – Financial Aid Appeal Only

SAP General Information

Requirements

All students must maintain a cumulative GPA of 2.0 and pass a minimum of 22 credit hours annually (if the student is enrolled full time, if not then pass 67% of all courses attempted). If you meet these requirements then you are a student in good standing.

Transfer Hours

Transfer credits that are accepted by Trine are not included in the rate of completion but will be counted toward the maximum timeframe. Credits attempted and credits completed in all academic terms (fall, spring and summer) are included in the rate of completion calculation. Trine reviews SAP progress for all students (First Time Full Time Freshman have one academic year before SAP is reviewed) at the end of each academic year and notifies students of any deficiencies that may exist. **Deficiencies can result in the loss of financial aid eligibility.**

Incompletes

Students who receive grades of Incomplete (I) might not meet the minimum SAP requirements. When this situation occurs, students should contact the Office of Financial Aid to find out if it would be appropriate to file a SAP appeal. Students are responsible for notifying our office when the grade of incomplete has been replaced by a letter grade. If the course work to resolve the grade of incomplete is not adequately completed in the time allowed, the grade changes to an "F" and this grade is included in the calculation of the GPA. If a student is eligible for an ACG Grant or a SMART grant – I's need to be completed prior to the end of the next academic term. Failure to complete an "I" grade will result in the loss of this aid. Federal Requirements state that an "I" needs to be completed within the term that the aid is awarded and it cannot be disbursed until that grade of "I" is resolved.

Withdraws from Trine courses

Students who drop courses after the end of the 100% refund period may encounter difficulties in meeting the SAP policy standards. Students considering dropping courses after the 100% refund period should contact the Office of Financial Aid to review the impact of dropping a course on their future eligibility for financial aid to ensure that the student will continue to meet SAP. It is also a good idea to check with the Office of Financial Aid to make sure that withdrawing from a course will not affect any aid that has been awarded for the current term.

Repeat Coursework

A student may repeat only those courses in which he/she received a "D" or "F" grade a maximum of 2 times. Degree credit for a course will be given only once and that information can be found within the Registrar's Office. The Trine Readmit Committee may require that a student who has been dismissed from Trine and then readmitted, repeat a course for which the student has received a passing grade in order to improve overall GPA, but again they can only repeat the course a maximum of two times and receive financial aid. Students required by the Trine Readmit Committee to repeat coursework are typically on financial aid probation and progress is monitored by our office

Remedial Coursework

For financial aid purposes, credits for remedial coursework recommended by Trine will be recognized as part of the credit hours required for financial aid eligibility, academic progress and full time status.

Attempted Hours

Include the following:

- Successfully completed courses (with passing grades)
- Non-passing grades (i.e., F,FI, U,I,W)
- Repeat coursework
- Remedial coursework
- Withdraw from a semester (W) on or after the first day of class

Any of these above situations can impact the review of your financial aid eligibility.

Less Than Full Time SAP Guide:

Less Than Full-Time Enrollment

Students who enroll on a less than a full-time basis must complete minimum credits according to the following schedule:

Number of Credits Student Is Enrolled In	Number of Credits Student Must Satisfactorily Complete
9 - 11 Credits	Must satisfactorily complete a minimum of 9 credits.
6 - 8 Credits	Must satisfactorily complete a minimum of 6 credits.
5 or Less Credits	Must satisfactorily pass all credits

Probation

Any student who has been placed on academic probation will automatically be placed on Financial Aid SAP probation. There are situations where a student can be on Financial Aid SAP probation and NOT on Academic Probation. Any student who does not meet the standard for minimum credits completed at the end of the semester will be placed on SAP probation. The student will be notified prior to the beginning of the next semester of his/her status. Any student on SAP probation will have one semester to improve his/her deficiency. A student may continue to receive limited financial aid while on probation.

You are considered to be on financial aid probation when you fail to meet the minimum satisfactory academic progress requirements for one or more of the following reasons:

- a. You are below the 2.0 cumulative GPA requirement; and/or
- b. You did not pass the minimum of 22 credit hours per year
- c. You are close to exceeding the 150% time frame limit.

Ineligible for Financial Aid

Any undergraduate student that does not have a cumulative 2.0 grade point average by the end of his/her second academic year, does not pass a minimum number of credit hours in their third and fourth year or who has exceeded the maximum time frame to complete their degree is ineligible for financial aid until such time as a 2.0 is attained. A student who is academically dismissed and not reinstated will automatically be ineligible for future financial aid until such time that he/she is reinstated to the university, appeals the SAP ineligibility, and has the appeal approved. Once a student has become "ineligible" for financial aid, he/she will not automatically become "eligible".

Appeal Process

Students not meeting the minimum SAP standards as outlined above are ineligible for federal, state, and institutional financial aid (grants, loans, work study and/or scholarships). However, students may request reinstatement of their financial aid eligibility for the academic year by submitting an appeal form to the Office of Financial Aid. Appeal requests must provide an explanation of the circumstances that contributed to the student's failure to meet the minimum academic progress standards and a realistic academic plan for improvement. It is recommended that students meet with an academic counselor/advisor to develop an academic plan of action and/or review their academic history prior to submitting an appeal. You are only allowed one term of appeal. After 90 hours there are no more appeals available to the student and to regain eligibility at this point you will need to talk with the Office of Financial Aid to determine where the deficiency is and what needs to happen to make up this deficiency.

Required Completion Rate

The maximum time frame for completing an academic program cannot exceed 150% of the length of the program as measured by credit hours or semesters. In order to ensure that steady progress is being made, students must make incremental progress toward the degree with passing grades. Progress is measured for all students by academic class year as defined by the college. The minimum number of credits does include transferred and advanced placement credit hours.

Academic Class Year	Minimum # of Credits Required
End of Freshman Year (1-2)	22
(2-1)	33
End of Sophomore Year (2-2)	44
(3-1)	55
End of Junior Year (3-2)	66
(4-1)	77
End of Senior Year (4-2)	88
(5-1)	99
End of Fifth Year (10 semesters)	110
End of Sixth Year (12 semesters)	132

Maximum Time Frame

The Higher Education Act requires that institutions establish a maximum time frame in which students receiving Title IV funds and Institutional Aid are expected to complete the program of study and beyond which they no longer qualify for assistance. At Trine University, eligibility to receive Title IV assistance and Institutional aid ends when you have reached for 150 percent of the number of hours required for graduation in your program of study, including any transferred hours accepted for credit toward the degree. For an undergraduate student, this equates to approximately six academic years of course work, depending on the specific major. All semesters and credit hours attempted are used toward the maximum time frame allowance regardless of whether the student received financial aid during the time frame. All repeated courses, failed courses, withdrawals and transferred hours will count as credit hours attempted toward the maximum time frame. Example: Sally's major requires 120 hours for graduation, Sally could attempt up to 180 (120x 150%). Once 180 hours are exceeded, aid would be suspended.

Reinstatement of Financial Aid Eligibility

A student ineligible for financial aid due to SAP policy (except the 150% rule) will need to do the following to regain eligibility: Complete at least one semester without financial aid; achieve at least the minimum cumulative grade point average (2.0 or 3.0); and, successfully complete 67% of attempted credit hours for the semester.

The Financial Aid Office is located in Forman Hall. Stop by the office, call us at 260-665-4158, or visit our website at http://www.trine.edu/admission/undergraduate/financial_aid/

BUSINESS OFFICE

The Business Office is located at the west end of Forman Hall. The office is open Monday through Friday from 8:00 AM – 4:00 PM. In this office students may pay their tuition, room and board, and misc. charges. Balances are to be paid in full by the posted date. Late payments will be subject to a \$25 per month late fee. An unpaid balance will cause transcripts and/or diploma to remain on hold. A hold may be placed on the student’s meal plan; prevent the student from (pre)registering for a subsequent semester, and it may result in the dismissal from the University. Returned checks will be subject to a \$25 charge. The University reserves the right to recover funds by ACH for any returned checks. All transactions require the presence of a valid photo ID.

Payment Plan

A payment plan for students may be set up through Tuition Management Systems (TMS), 1-800-356-8329 or www.afford.com/options. This will be the only payment plan accepted by the University.

Refunds of credit balances due to excess financial aid or overpayment will be released after the fourth week of the semester. Refund requests should be submitted online through the University website.

Refund Schedule

Refunds of tuition and room and board due to withdrawal/drop follow the schedule below. The international fee and enrollment fee are not refundable.

Tuition:

Week 1	100%
Weeks 2 and 3	50%
Week 4	0%

Room and Board:

Week 1	Prorated at \$50/day
Weeks 2 and 3	50%
Week 4	0%

A \$50 administration charge will be assessed for “exception” drops (per occurrence).

- If a student decides to drop/add or withdraw after registering for classes:
- It may result in a change in the total amount due for the semester.
 - Failure to attend classes does not constitute a drop/withdrawal.
 - The student is responsible for completing the proper paperwork; failure to do so, the student accepts financial responsibility for all charges incurred on their account.

Please note: If a student receiving financial aid withdraws during the semester, that aid is subject to a federal refund calculation.

Refunds are processed through the Business Office approximately one month after a student officially withdraws and all charges/credits are posted. The official withdrawal form and a room condition report, when applicable, are required for a refund to be processed.

Student Health Insurance

All full-time students are required to demonstrate that they have adequate health insurance coverage each semester; therefore the insurance premium is automatically placed on your student account. If you determine that your current coverage is adequate and want to waive the Trine Student Accident and Sickness Insurance Plan, you will need to complete an on-line insurance waiver. Follow the steps below to waive the Student Accident and Sickness Insurance Plan for the 2009-2010 policy year.

For more information about Student Health Insurance, please call 260-665-4112.

New on-line waiver process for 2009-2010:

1. Log onto: www.gallagherkoster.com,
2. Click on "College and University Students", and select Trine University from the drop down menu.
3. Click on "Log In" at the top right hand side of the page. First time users will be required to create a unique User Account by entering a user name, password, first and last name, Student ID number, and date of birth and email address. Returning students can log in with their current User Account information.
4. Once a user account has been created, select the '2009-2010 Trine College Waiver Form'. When waiving the insurance, have your current health insurance ID card ready as you will need this information in order to complete the waiver form.

The deadline to submit the online insurance waiver is August 3, 2009 for fall and December 14, 2009 for spring. If a form is not submitted by this deadline, you will remain enrolled in the Student Accident and Sickness Insurance Plan for the semester and the charge will remain on your bill. **Paper waivers, fax requests and phone calls will not be accepted.**

Delta Chi

"The Delta Chi Fraternity has dedicated itself toward the goal of 'Personal Growth Through Brotherhood.' Delta Chi will expose you to a diverse group of lifestyles and backgrounds, providing an opportunity for you to learn and to work successfully with others." This is the basis of the Delta Chi fraternity, as read in *The Delta Chi Cornerstone*. These words serve as a reference manual to success as a brother in the fraternity and to personal betterment as a member of society. PRINCIPLES OF COMMUNITY

Trine University has a clear responsibility in the area of student conduct to promote its mission. The University has an obligation to support personal freedom, maturity, and responsibility of students. Student organizations chartered by the University share these common bonds. In an effort to promote independence and educational thought, student organizations are, for the most part, self-governing.

Students and student organizations are expected to obey federal, state, and local laws. Additionally, all students and student organizations must abide by the standards and regulations of the University. The University's community and residential standards concerning students and student organizations identify unacceptable behavior while on university-owned and/or controlled property. Violations of these standards may result in referral to the Office of Student Life for disciplinary sanctions.

The University also reserves the right to review any action taken by civil authorities regarding students and/or student organizations. Generally, the University will not impose further sanctions after law enforcement agencies have disposed of the case; however, the University reserves the right to mandate counseling and/or disciplinary sanctions.

Trine University is a multicultural community. It is composed of people from diverse racial, ethnic, economic, national, religious, political, physical, and sexual backgrounds. We believe our activities, classes, and casual interactions are enriched by our differences and acceptance of one another. We strive to learn from each other in an atmosphere of positive engagement and mutual respect.

As a diverse community, the University has explicit expectations regarding the behavior of each member. Bigotry will not be tolerated. No member of the University community has the right to degrade another human being simply for being different. We will not tolerate verbal or written abuse, threats, harassment, intimidation, or violence against a person or their property for any reason. Each of these unacceptable behaviors has consequences as determined by the University.

As productive members of a democratic society, we must guard against racism, sexism, ageism, xenophobia, homophobia, and other forms of oppression. All who work, live, study, and teach in the Trine University community should be committed to these principles.

COMMUNITY STANDARDS

UNIVERSITY COMMUNITY STANDARDS APPLY TO ALL STUDENTS AND STUDENT ORGANIZATIONS — the following behaviors are considered unacceptable at Trine University. A student or organization found to have engaged in any of the following behaviors will be subject to disciplinary sanctions. Being under the influence of drugs and/or alcohol does not diminish or excuse a violation of the standards and will result in appropriate sanctions.

- 1. Academic misconduct.** The University prohibits all forms of academic misconduct. Academic misconduct refers to dishonesty in examinations (cheating), presenting the ideas or the writing of someone else as one's own (plagiarism), or knowingly furnishing false information to the University by forgery, alteration, or misuse of university documents, records, or identification. Academic dishonesty includes, but is not limited to, the following examples: permitting another student to plagiarize or cheat from one's own work, submitting an academic exercise (written work, printing, design, computer program, etc.) that has been prepared totally or in part by another, acquiring improper knowledge of the contents of an exam, using unauthorized material during an exam, submitting the same paper in two different courses without knowledge and consent of professors, computer tampering or submitting a forged grade change slip. The faculty member has the authority to grant a failing grade in cases of academic misconduct as well as referring the case to the Office of Student Life.
- 2. Aiding or abetting.** Any act that promotes, encourages, or assists in the violation of any offense is prohibited.
- 3. Alcohol possession or consumption.** Alcohol is prohibited on university property. Any student found to be in possession of alcohol on campus and/or who exhibits alcohol-induced behavior on campus is subject to disciplinary sanctions (see Alcohol and Drug Policy).

Alcohol found on campus will be confiscated by a member of Campus Safety and/or a member of the Office of Student Life professional staff. If alcohol is discovered in residential facilities for which ownership cannot be established, each of the students present in the room, suite, or villa having knowledge of or access to the alcohol and remains present will be considered in possession. Possession is defined as being in the same area, room, car, house, immediate area, etc. Confiscated alcohol will be permanently lost to the student and will be disposed of by a member of Campus Safety and/or a member of the Office of Student Life professional staff.

4. **Civil disturbance.** Any conduct which involves disturbing the peace of the University and/or the City of Angola is prohibited. Disturbing the peace is defined as, but is not limited to, disorderly conduct and/or failure to comply with the directives of law enforcement or university officials. Further sanctions may be assessed if there is a failure to comply with an order of dispersal and/or other conduct that can be reasonably construed to involve disturbing the peace and good order of the University and/or the City of Angola.
5. **Communication network misuse or abuse.** Misuse or abuse of any computer, computer system service, program data, network, cable television network, or communication network is prohibited. Misuse or abuse of communication network may result in university computer privileges and rights being revoked. Students and organizations are expected to cooperate in the conduct of such searches.

HAZING

In accordance with State of Indiana law, all forms of hazing, pledge day, and/or pre-initiation activities that are defined as hazing shall be banned. Such activities and situations include, but are not limited to, creation of excessive fatigue; physical and psychological shocks; wearing apparel that is conspicuous and not normally in good taste; engaging in public stunts and jokes; participating in treasure or scavenger hunts; morally degrading or humiliating games and activities; late night sessions that interfere with scholastic activities or normal sleep patterns; and any other activities that are not consistent with the law, ritual or the regulations and policies of the member organization or the educational institution. All member groups will affirm their policies on hazing and inform the membership of this position.

This policy is strictly enforced. To report incidents of hazing, call the National Haze Free Hotline at **1.888.NOT.HAZE (1.888.668.4293)**.

OFF-CAMPUS INCIDENTS INVOLVING TRINE UNIVERSITY STUDENTS AND ORGANIZATIONS

Trine University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community. It may become necessary for the University to take appropriate action as a result of student incidents off campus. In the event of complaints from the community, the University will cooperate fully with local authorities in the performance of their duties.

Authority for deciding what off-campus incidents may affect the on-campus environment is vested with the Dean of Student Life. In that instance, the University will follow its normal discipline process, separate from criminal or civil processes, using its normal time line and will not wait until other jurisdictions have made decisions regarding the incident in question.

WHISTLE BLOWER POLICY

Trine University is committed to providing all members of the University community, including students, faculty, staff, alumni, vendors, and guests, with a safe and productive environment. If any member of the University community has reason to believe or reasonably suspect that the University or any of its agents is acting contrary to any applicable federal, state, or local laws or regulations, or contrary to any established community standard, that person may report such action or activity without fear of reprisal or retaliation. Trine University has an anonymous tip line. Incidents can be reported by calling 260.665.4700 or going to www.trine.edu/silentwitness. Any university student with reasonable suspicion of illegal or improper activity should notify the Dean of Students to register a complaint.

Should retaliation actually occur, such act shall be considered a serious violation of University standards and will be dealt with accordingly. Encouraging others to retaliate is also a violation of this policy. Those who file fraudulent or bad faith complaints pursuant to this policy will be subject to disciplinary and/or legal action.

GOOD SAMARITAN POLICY

The University is committed to helping ensure that students obtain timely medical or other professional assistance for themselves and their peers when needed. The Good Samaritan policy is designed to help in this effort.

There may be times when individual students on and off campus may be in need of assistance from medical or other professional personnel. Trine University wants to minimize any hesitation that students or student organizations might have in obtaining help due to the related concern that their own behavior might be a violation of university standards. While standards violations cannot be overlooked, Trine University will take into consideration the positive impact of reporting an incident for the welfare of other students when determining the appropriate response for standards violations. Any possible negative consequences for the reporter of the problem will be evaluated against the possible negative consequences for the student who needed intervention. Examples where the Good Samaritan Policy may influence sanctions are:

1. A student is reluctant to report that she has been sexually assaulted because she had been smoking marijuana or was drinking on university property prior to the assault.
2. A student is reluctant to call an ambulance when a friend becomes unconscious following excessive consumption of alcohol because the reporting student is under the age of 21 and was also consuming alcohol.
3. A member of a student organization is reluctant to report a possible suicide attempt by a prospective member because prospective members have been required to perform activities that might be considered hazing.

In all three examples, a student's physical and/or psychological well-being is in serious jeopardy. Whenever a student assists another individual in acquiring the assistance of local or state police, Campus Safety, Residence Life Staff, or other medical professionals, neither the intoxicated individual nor the individual who assists will be subject to formal university disciplinary actions for (1) being intoxicated or (2) having provided that person alcohol. This provision does not excuse or protect those individuals or organizations that deliberately or repeatedly violate the University's alcohol policy. Although formal discipline will not be given, documentation of the incident, assessment of the individual and educational components may be required as a result.

In order for this policy to apply, the intoxicated student(s) must agree to timely completion of recommended educational activities, assessment, and/or treatment depending on the level of concern for the student's health and safety. Serious or repeated incidents will result in a higher degree of university interest and concern. Failure to complete recommended follow-up will result in disciplinary sanctions. Likewise, organizations involved in an incident must agree to take recommended steps to address concerns.

Please note that this policy only coincides with the University's standards and has no recognition in other jurisdictions such as local or state courts. It should also be noted that this provision may only be invoked by a student at the time his or her case is being heard or investigated. Based on the totality of the incident, the hearing officer will make the final determination as to the applicability of this provision and reserves the right to reduce sanctions or dismiss charges. At a minimum, Trine University hopes that a student or student organization will make an anonymous report that would put the student in need in touch with professional assistance.

Trine University's Residence Life staff is devoted to upholding the University's mission and to developing meaningful relationships with residential students. University housing is designed to provide a variety of social and learning opportunities that supports educational objectives and promote the overall growth and development of students.

RESIDENTIAL LIFE STANDARDS & GUIDELINES

The primary challenge of living in university housing is to learn to live with other students in a diverse setting. To have a successful residential experience, respect, and a commitment to certain standards and responsibilities are essential. These standards are based on respect for the rights of others. Every resident has the right to an environment conducive to academic pursuit and personal growth, the right to some measure of privacy, and the right to belong to the community. Along with these rights are responsibilities to oneself, to one's roommate, to the residents of the building, and to the other members of the University. Roommates are encouraged to communicate with each other to establish parameters regarding issues such as cleaning, sharing of belongings, guests, and any other possible areas of concern. Any student's attempts to block, discourage, or add undue pressure to a roommate specifically assigned to a given space may result in university disciplinary sanctions. Students are responsible for personal behavior in the residential facilities and are fully accountable for their actions. All who reside on campus are responsible for knowing and adhering to the following standards and guidelines:

If alcohol is discovered in residential facilities for which ownership cannot be established, each of the students present in the room, suite, or villa having knowledge of or access to the alcohol and remains present will be considered in possession. Possession is defined as being in the same area, room, car, house, immediate area, etc.

In extenuating circumstances, students may request permission from the Director of Residence Life to remain in university housing during winter and spring breaks. A charge of \$20/night will be assessed and temporary rooms may be assigned. Students who must remain on campus for university-sponsored reasons will not be charged the \$20 fee, but may have temporary room assignments. University housing will remain open during fall break and meals will be available. All students requesting housing during a scheduled vacation/break must complete a Vacation Housing

Request Form and return it to the Office of Student Life the Friday before the scheduled break. Any student failing to submit this form according to the deadlines will incur a late charge of \$25 and may be denied permission to stay.

Prior to leaving for winter break, students are responsible for cleaning and securing his or her room by following the instructions listed below:

If the student chooses not to return to university housing, he/she must notify the Director of Residence Life by May 1 if returning in the fall, or November 1 if returning in the spring or the Housing Damage Deposit will be forfeited.
- 9. Damages and billing.** When damage occurs to residential facilities the responsible individual(s) will be billed. Disciplinary sanctions may also take place. When damage occurs which cannot be attributed to the responsible individual(s), all students in the building may be held responsible for the cost of repair. If a student should become aware of the individual(s) responsible for any damage, he/she should contact the Office of Student Life. For all damages, whether individually or collectively billed, an administrative charge may be added to cover processing costs.
- 10. Doors.** To ensure the safety of all residents, doors to all residential facilities are to remain closed and locked 24 hours a day, 7 days a week, including patio and balcony doors.
- 11. Emergency evacuation.** Students should familiarize themselves with the exits nearest to their rooms to ensure quick evacuation in a fire emergency. Guests are expected to comply with all Trine University standards, or they will forfeit their right to guest privileges. Roommates are strongly encouraged to talk about guidelines regarding guests. It is important to note that a room is a private space that should be shared equally by both roommates. As a responsible roommate, it is not appropriate to engage in any activity that would deny your roommate access to the room or make them feel uncomfortable while in the room. Children under the age of 6 may not spend the night in university housing.

15. Health and safety. Students should store perishable food items in closed containers to limit the likelihood of insect infestation. It is each student's responsibility to keep the room clean and to take trash to a dumpster on a regular basis.

DISCIPLINARY STRUCTURE

Learning to live as productive members of a university community is a developmental process that starts as a freshman and continues throughout the college experience. The primary goals of educational discipline are to educate students in the understanding of community and to help them assume and demonstrate responsibility as a member of a civilized society. The primary principle upon which the disciplinary program is based is that actions have consequences. Educational discipline is different from law enforcement. The goal is education and restoration. For that reason, the Office of Student Life operates within a different realm and makes decisions differently than those agencies that enforce public law.

Attending Trine University is an optional and voluntary action. Institutional acceptance for attendance extends an invitation to students to join an academic and social community and to remain a member of that community as long as academic and behavioral standards are met. The standards and procedures of Trine University have been established to ensure the educational purpose of the University will be met and an atmosphere of intellectual growth exists.

Students are expected to abide by the standards set forth in this Student Handbook. Failure to do so may result in disciplinary sanctions.

DISCIPLINARY PROCEDURES

Any person may file a complaint against another student, a member of the University community, or a student organization for the violation of community or residential standards as outlined in this Student Handbook. Complaints should be reported to the Office of Student Life.

The Judicial Review Committee consists of professional staff members from the Office of Student Life. The Judicial Review Committee will review complaints and determine if/how an investigation will be conducted and how misconduct will be handled.

ASSIGNMENT OF DISCIPLINARY CASES

The disciplinary system at Trine University consists of a Judicial Review Committee, Dean of Students, and the University Disciplinary Review Board. Disciplinary issues may be handled by one or more of the above groups depending on the severity of the offense. The Judicial Review Committee shall determine which group will hear the case. The University Disciplinary Review Board will hear all cases involving potential suspension or dismissal. Student athletes will be given 24 hours to contact their coach and notify them of the disciplinary hearing results. If the coaches do not contact the Office of Student Life within 24 hours, a Judicial Review Committee member will initiate contact with them.

SANCTIONS:

WARNING

Disciplinary Warning is an official sanction notifying the student or organization that certain behavior was unacceptable. Further misconduct may result in further disciplinary sanctions.

PROBATION

Disciplinary Probation is an official sanction indicating to a student or organization that their behavior has resulted in a sanction close to suspension. Any subsequent misconduct during the period of probation will result in additional discipline. The duration of the probation period is determined by the Judicial Review Committee, Dean of Students, or University Disciplinary Review Board depending on who is conducting the hearing.

FINAL NOTICE

Final Notice is an official sanction notifying the student that any additional inappropriate behavior may result in removal from the University by suspension, dismissal or expulsion.

SUSPENSION

Disciplinary Suspension is an official sanction that prohibits the student from any or all of the following: attending the University, residing in, or entering into university owned or operated property, participating in any university activities, sports, academic organizations, or trips for a set period of time, typically to include at least one calendar week, the rest of the academic semester, or sports season. Length of suspension will be determined by the University Disciplinary Review Board. For academic year or semester suspensions, written request to return to the University must be submitted to the University Registrar and Dean of Students prior to the semester in which the student intends to re-enroll. Additionally, a student must complete an exit and re-entry interview with the Dean of Students. Coursework missed during suspension periods may not be made up.

DISMISSAL

Disciplinary Dismissal is an official determination canceling the student's registration at the University that typically lasts for at least the remainder of the academic semester in which the offense occurred and additional semesters as the violation warrants. In the instance of dismissal, all academic grades will revert to "F"s and monetary reimbursements may not be made for tuition, room and board, or any other university fee. Students who wish to return to school after the dismissal period has ended must submit written request to return to the University must be submitted to the University Registrar and Dean of Students prior to the semester in which the student intends to re-enroll. Additionally, a student must complete an exit and re-entry interview with the Dean of Students. Coursework missed during dismissal periods may not be made up.

EXPULSION

Disciplinary Expulsion is an official determination made by the Dean of Students that permanently prohibits the student from attending Trine University; parents or guardians will be notified of the decision. Written appeals may be submitted to the University President within 24 hours of notification.

Notification will be sent to appropriate university offices when a student is suspended, dismissed, or expelled. The student's parents or guardians may also be notified.

SANCTIONS

Sanctions for misconduct may include, but not limited to fines, loss of privilege or participation, restitution, community service or educational/service activities.

JUDICIAL REVIEW MEETING

During the judicial review meeting, the Judicial Review Committee will meet with the student to review the incident. During this review, the case will be presented to the student and a decision regarding actions and sanctions as determined by the Judicial Review Committee. If the student chooses to accept this decision, the appropriate sanction will be in force. During a disciplinary review meeting, students will:

- a. Have the opportunity to state his/her side of the case and provide any additional information that might be helpful in resolving the case.
- b. Receive written notification of the results of the judicial review meeting at the conclusion of the meeting.

APEAL PROCESS

The Dean of Students will address all appeals except in the cases heard by the University Disciplinary Review Board. These appeals must be submitted in writing within three working days of the notification. Appeals can only be made for the following reasons:

1. Insufficient evidence to support decision
2. Harshness of sanction
3. Procedural irregularity
4. New evidence

If the Dean of Students determines there are no grounds for an appeal, the appeal is dismissed, and the sanctions stand. If the Dean of Students determines that there are acceptable grounds for an appeal, the sanctions may be modified or dismissed.

UNIVERSITY DISCIPLINARY REVIEW BOARD PROCESS

When a violation of university community or residential standards requires the convening of a University Disciplinary Review Board, the following procedure will be initiated by the Office of Student Life:

1. The University Disciplinary Review Board will be established consisting of the following five members: one administrator (who will serve as the chair of the board), one faculty member, one representative from the Athletic Department, a student resident director, and the President of Student Senate.
2. The student accused of the violation will meet with the Dean of Students and charges as a result of the violation will be issued and explained. The student will admit or deny responsibility. The accused student may admit responsibility before the board is convened. The Dean of Students will determine the sanctions placed on the accused student, and, in this situation, there is no appeal process. Once the procedure for a University Disciplinary Review Board has begun, the process must be completed.
3. A date and time of the hearing will be set.
4. The student is allowed to have two people present during the hearing.
5. The Board will hear the case and decide if the student was responsible or not. If not responsible, sanctions will be removed, and the case is closed. If responsible, the Dean of Students or Judicial Review committee representative may then introduce additional information about the disciplinary history of the accused and other relevant information at this time to assist the University Disciplinary Review Board in assigning appropriate sanctions.
6. The accused student will receive written notice within 24 hours of the hearing.

CAMPUS SAFETY

Trine University considers safety and security of all members of the Trine University community important. Students and personnel are encouraged to actively promote campus safety and security. Each person is encouraged to avoid potentially dangerous situations and to promptly report all activity of a suspicious nature. The following services and procedures are designed to maintain a safe and secure campus:

1. **Residential facilities locked.** All residential facilities exterior doors will be locked 24 hours a day, seven days a week. Each residential facility is equipped with outside speaker phones to allow visitors to communicate with residents of the building. Students should report any unauthorized and unescorted persons in the residential facilities to a Resident Assistant or Resident Director immediately. EMERGENCY MANAGEMENT

Bomb Threats

If a bomb threat is received, fire alarms will be activated by university personnel. The building should be evacuated as quickly as possible with people moving a safe distance away from the building.

If a person receives a bomb threat, telephone for emergency assistance immediately. If the bomb threat was received by telephone, try to remember and report details about the call such as caller I.D. phone number, if the person had any distinctive speech characteristics, and if there were any

noticeable background noises such as chiming clocks, train whistles, etc. If possible, indicate the exact wording of the caller's bomb threat. If the bomb threat was received on paper, refrain from repeated handling of the note (fingerprints), saving it to provide to authorities.

Dangerous or Threatening Individuals

If someone is behaving irrationally or exhibiting harmful behavior on campus, immediately call 911.

Fires

Each person should be familiar with the location of emergency exits and fire alarm pull box locations. In the event of a fire or possible fire, leave the building in a safe and orderly fashion using the closest, safe exit. Personnel should make sure to turn off lab equipment and to make sure the room supervised is empty. If safe to do so, close windows and doors when leaving. If fire department personnel are not evident, pull the nearest fire alarm and call 911. Follow the instructions on the nearest fire extinguisher to extinguish or contain the fire until help arrives; however, **DO NOT RISK YOUR SAFETY TO DO SO**. Once people leave the building, they should move a safe distance away from exits, gathering at predetermined locations. Notify others in nearby buildings of possible danger.

Hazardous Materials Management

In the event of emergencies involving hazardous materials, telephone for emergency assistance and **EVACUATE** the area/building immediately. Ask emergency assistance about wind direction, having everyone immediately move upwind of the hazardous material/building.

Tornados

A **TORNADO WARNING** means a tornado has been sighted and poses an immediate threat. Immediately cease all university activities (except for emergency services) and go to the lowest level of the building. Personnel should turn off any laboratory equipment and immediately guide those in their care to the lowest level of the building, rendering assistance to people with disabilities. All people should seek the safest location, usually the center portions of buildings, close to walls and away from windows. People should remain there until notified that it is safe to leave the area.

A **TORNADO WATCH** means atmospheric conditions are favorable for the formation of tornados. It is important to be alert to this potential, but no other specific action is needed other than listening for broadcast messages if a radio or television is available.

Severe Thunderstorm

A **THUNDERSTORM WARNING** means a severe storm is imminent. All people should seek shelter immediately away from glass windows and doors.

A **THUNDERSTORM WATCH** means atmospheric conditions are favorable for the formation of severe weather. It is important to be alert to this potential, but no other specific action is needed other than listening for broadcast messages if a radio or television is available.

Emergency Notification System

FM Radio: Depending on the nature and severity of the emergency, campus and/or local radio stations may be used to convey emergency notification and instructions.

Emergency Report System

In the event of an emergency students and staff should always call 911 immediately. If a student wishes to report a safety or security hazard or a violation of campus policy, students should contact Campus Safety at 260-316-1877.

If a student or staff member has obtained information, after the fact, about criminal activity they may utilize the anonymous tip line that has been established for all Trine University students and staff members.

Students may leave anonymous tips on the website by logging onto

www.trine.edu/silentwitness Once this form is completed it will send an anonymous e-mail to the Campus Safety staff informing them of the tip. Please remember, without a name on the form, Campus Safety will have no way of obtaining additional information.

Additionally, an anonymous tip line has been established for students that feel more comfortable calling in the tip. The telephone number for this tip line is 260-665-4700. This line is not traced and all tips left will remain confidential unless the caller identifies themselves on the message.

MOTOR VEHICLE POLICIES

1. Operation of motor vehicles is a privilege granted to students. All students must have a Trine University parking ID tag. Parking tags are available in the Office of Student Life. Parking is permitted in designated lots. Additional parking is available on the west side of Hershey Hall. Students are expected to observe all motor vehicle regulations. The privilege of operating a motor vehicle may be revoked if policies regarding motor vehicles are violated. Specific parking regulations and speed limits, on and off campus, must be observed. In general, motor vehicles are not to exceed 15 miles per hour in any university controlled areas such as drives and parking lots. The following regulations are enforced for the safety of all students and vehicles.

2. Parking is prohibited in handicap accessible parking spaces without proper authorization. A student may request a temporary handicap parking pass from the Office of Student Life. In order to obtain this pass the student must bring a note signed by a license Physician outlining the dates that the student will need the pass. The Physicians phone number must be clearly printed on the request so that the Office of Student Life may call and confirm the request.
3. Weekend Visitors (beginning Friday at 5:30 p.m. and ending Monday at 5:00 a.m.) must obtain a visitor parking pass from Campus Safety and park in the Hershey parking lot. Visitor vehicles that do not possess a weekend pass will receive a parking ticket and may have a boot placed on their vehicle until the ticket is paid.
4. If a student is unsure as to what lot to park in, they may log onto www.trine.edu/parkingmap to receive further instructions as to the locations for student parking.
5. Trine University students are not permitted to park on the roadway adjacent to any university property. These spots are reserved for private residents. Trine students are to park in Trine parking lots while on campus.
6. All Trine University student parking permits must be displayed in the bottom passenger's side portion of the student's **rear** windshield. Parking passes are to be fully affixed to the windshield and are not to be removed until the end of the school year.
7. A \$50 a year parking fee is assessed to all students. ALL VEHICLES ARE REQUIRED TO BE REGISTERED. If a student does not have access to a vehicle while on campus, he/she may request a refund in the Business Office.
8. Fire lanes in and around residential buildings must be kept open. Parking is prohibited in fire lanes and exits; a vehicle is subject to being towed at owner's expense.
9. Driving or parking on any university lawn is prohibited. Street-side parking beside a yellow painted curb or fire hydrants is prohibited. During snow removal or repair periods, vehicles must be removed as directed. Any vehicle that appears abandoned shall be removed at the owner's expense. Boats, trailers, snowmobiles and all terrain-vehicles may not be parked on university property. Exceptions must be cleared through the Office of Student Life.
10. All gasoline-powered vehicles such as motorbikes, motorcycles, mini-bikes, and go karts are prohibited in the residential buildings. Bicycles may be stored in designated areas only. Please contact Campus Safety to determine where you should store such vehicles.
11. Parking decals may not be transferred from one car to another for any reason. If your vehicle is being repaired you may obtain a temporary parking permit for your secondary vehicle from the Office of Student Life. In order to do this you must bring in a letter from the mechanic working on your vehicle stating the dates that you will need the temporary parking permit. This letter must clearly identify the mechanics telephone number on it. If your vehicle is totaled and cannot be repaired, or you have purchased a new vehicle that you would like to park on campus instead of the vehicle that you have already registered, you may then remove your parking decal and bring it into the Officer of Student Life. They will then register your new vehicle into the system and issue you a new parking pass at no additional charge.

PARKING PENALTIES/APPEALS

1. Vehicles with multiple tickets may be immobilized, incur additional fines, and be subject to

additional disciplinary action. Fines are cumulative from August to July.

2. Parking violation fines must be paid or student will not be permitted to register for additional courses/next semester.
3. Parking violations may be appealed to the Director of Campus Safety. If a student wishes to appeal a parking violation they must obtain an appeal form from the Office of Student Life. They must then return the appeal form along with a copy of the violation they received to the Office of Student Life. The Director of Campus Safety will then review the appeal form and notify the student via e-mail as to the disposition of their appeal. An appeal must be filed within 10 days of receiving the parking ticket.
4. Parking fines will follow the following schedule
 - a. First Violation - \$10
 - b. Second Violation - \$25

Campus Safety Statistics

In 1990, Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This information may be obtained by visiting <http://www.trine.edu/news/securityreport.cfm>.

Informing the Accuser and the Accused of the Outcome of a Disciplinary Proceeding

The Student Right-to-Know Act and Campus Security Act amended FERPA (Family Education Rights and Privacy Act) which allows the University to disclose to the victim of an alleged crime of violence the results of a disciplinary proceeding brought against a student accused of the crime, without prior consent of the accused. This disclosure is limited to the alleged victim, who this campus security report serves to inform that the information may not be disclosed to the public generally (20 U.S.C. Section 1232g(b) (6)).

Timely Warning Provision

Trine University will make timely warning reports to the campus community on certain crimes that represent a continuing threat to students and employees and that were reported to officials with significant responsibility for student and campus activities, campus police, or local police. "FERPA does not preclude an institution's compliance with the timely warning provision of the campus security regulations. FERPA recognized that information can, in case of an emergency, be released without consent when needed to protect the health and safety of others (34 C.F.R. Sections 99131 (b) (6) & 99.36). In addition, if institutions utilize information from the records of a campus law enforcement unit to issue a timely warning, FERPA is not implicated as those records are not protected by FERPA (20 U.S.C. Section 1232g (a) (4) (B) (ii))."

Clery Act Annual Security Report

In 1991, the U.S. Congress passed the Student Right-to-Know and Campus Security Act, which requires

colleges to report the three previous years of statistics on murder, sex offenses, robbery, aggravated assault, burglary, and motor vehicle theft, and statistics on arrests for drug and alcohol violations and weapons violations. In October, 1998, President Clinton signed an amendment renaming the act the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and requiring that all crimes motivated by hate or bias be included in the statistics. Trine University recognizes the importance for an institution of higher learning to develop and maintain a safe and secure environment in which the academic and social pursuits of its members can be fully realized. The full Clery Act Annual Security Report is available on the internet at <http://www.trine.edu/news/securityreport.cfm>,

INFORMATION TECHNOLOGY SECURITY POLICY

Revised – July 30, 2008

Introduction

Information and its availability are essential to the operation of Trine University programs. Expanded use of telecommunications and computing facilities has actualized precise, consistent and rapid information processing and has allowed information to be more readily accessible to administration, students, faculty and staff than ever before. Trine has experienced increases in productivity, the quality and quantity of services delivered, and enhanced administrative capabilities, as a direct result of the use of information technology.

Many program operations that traditionally were manual or partially automated are today fully dependent upon the availability of automated information services to perform and support their daily functions. The interruptions, disruption, or loss of an information support service may adversely affect Trine's ability to administer programs and provide services. The effects of such risks must be eliminated or minimized.

The scope of this Security Policy covers the following.

- Data center processing facilities and equipment
- Telecommunications networks
- Application software programs
- Electronic data
- Personal computers, PDA's, Smartphone's, networking equipment, and gaming systems

Roles and Responsibilities Policy Administration

This policy has been approved by the President's Cabinet and administered by the Information Technology (IT) department. Policy violations are reported to the Chief Information Officer (CIO), the employee supervisor, or Dean of Students.

Data Ownership

The data "owner" is the department with primary responsibility for creation and maintenance of the data content.

Data Owner Responsibilities The data owner is responsible for determining how the data may be used within existing policies, and authorizing who may access the data.

Data User Responsibilities The data user is the person who has been granted explicit authorization to access the data by the owner. The user must use the data only for purposes specified by the owner, comply with security measures specified by the owner, and not disclose information about the data nor the access controls over the data unless specifically authorized by the owner.

Policy Purpose The purpose of the Trine University's Computer Security Policy is to ensure the safety and integrity of information maintained on Trine computerized information systems. This policy is not intended to address the proprietary interests of intellectual property.

Policy Applicability The Computer Security Policy applies to all Trine faculty, staff, students and others (e.g. vendors, grant or independent contractors, etc.) accessing or attaching to computers operated by Trine. Persons violating the Computer Security Policy will be subject to appropriate University, administrative, civil and/or criminal sanctions.

It is the policy of Trine University that:

1. Access to the Trine University network will be granted to those that meet the University hardware and software configuration standards.
2. Persons using or attaching to Trine University computer resources will acknowledge compliance with the Computer Security Policy. All computer systems will provide a notice before logon stating that the computer is protected by a computer security system; that unauthorized access is not permitted; and that usage may be monitored
3. Unauthorized use, alteration, destruction, or disclosure of computer assets is a computer-related crime, punishable under Indiana statutes and federal laws, as well as through administrative and/or civil sanctions. Willful violations of the Computer Security Policy that may be violations of laws will be reported to the Appropriate Law Enforcement Office.
4. Computer software donated to Trine University or purchased using University funds is Trine University property.
5. Unauthorized/unlicensed use of software (software piracy) is illegal and such software will be removed by the appropriate administrators and reported to the CIO and Dean of Students.
6. Use of Trine University systems to attack Trine University or other computer systems, internal or external to Trine University, is a violation of this policy.
7. Attempting to circumvent security or administrative access controls for computer resources is a violation of this policy, as is assisting someone else or requesting someone else to circumvent security or administrative access controls.
8. User ID's and passwords must control access to all computer resources except for those specific resources identified as having public access.
9. Passwords must be changed periodically by the user. Computer resources will require passwords to be changed at least every 90 days and be unique up to or exceeding six previous passwords. Users are responsible for managing their passwords according to the guidelines specified in Appendix B, Password management.
 - a. Adjunct Faculty Password Handling
 - i. Main Campus – Department Chairs must contact the IT Helpdesk and request a password reset.
 - ii. Branch Campuses – Branch Campus Managers must contact the IT Helpdesk and request a password reset.
10. Data, which is essential to critical functions, must be protected from loss, contamination, or destruction. Information, which by law is confidential, must be protected from unauthorized

access or modification. Confidential information shall be accessible only by personnel who are authorized by the owner on a basis of strict "need to know" in the performance of their duties. Data containing any confidential information shall be readily identifiable and treated as confidential in its entirety. Confidential information is not to be extracted, downloaded or printed and taken off of university property. Confidential data is defined in Appendix C.

11. When an employee terminates employment and a future contract has not been issued, their access to computer resources will be terminated immediately. If an employee wishes to retrieve personal data from their account they should contact Human Resources immediately. Similarly, students who are graduating will have their access to computer resources terminated 3 months after the semester ends.
12. All end-user workstations must have virus protection software installed and current and maintain current operating system security patches.
13. All information processing areas used to house computer resources supporting mission critical applications must be protected by physical controls appropriate for the size and complexity of the operations and the criticality or sensitivity of the systems operated at those locations. Authorized personnel shall be determined by the area supervisor and the Policy Administrator.
14. Employees who believe they have experienced computer generated harassment or discrimination should contact the Human Resources department. Students who believe they have experienced computer generated harassment or discrimination should contact the Dean of Students.
15. Individuals who have reason to believe that their personal information has been compromised or computer intrusion/tampering have occurred with respect to their accounts should contact the IT Help Desk.
16. Guest access to the Trine University Network will be evaluated on a case-by-case basis.
17. Employees may not use Trine University computer resources to set up services or accounts the purpose of which is not in accordance with the non-profit, educational mission of the University.
18. Trine University reserves the right to monitor the contents of electronic mail messages or the internet browsing habits of its students and employees. Information in electronic mail files or logs which contain a history of electronic communications may be subject to disclosure under certain circumstances; for example, during audit or legal investigations.
19. All Trine University owned computers being operated in offices and labs will "lock" after a ten minute period of inactivity and display a screensaver. The user that was logged in to the computer before it became locked or a network administrator will need to enter their password to access the computer.
20. Trine University owned portable computers (laptops, tablets, etc) will need to be physically locked down when in an office. Employees will be held responsible if their portable computer is stolen while not physically locked down.
21. Trine University will not support personally-owned wireless access points, switches, hubs or routers. It is the policy of Trine University that wired access be limited to one device per hard-wired port.

22. End users will not download or share copyrighted materials via any method. This included peer-to-peer (P2P) networking via services such as: LimeWire, Kazaa, BitTorrent, BearShare, or any service providing free access to copyrighted materials. P2P sharing of files from device to device via shared drives is allowed only for non copyrighted materials. The preferred method for sharing such files would be via Windows Live Skydrive, which is included with student email accounts.

User Rights Management

Three levels of user rights are possible under Trine University's current Microsoft operating system: Normal Users, Power Users, and Administrators. To minimize the possibility of a security breach (viruses, stolen data, identify theft, etc.), best practice is to have an employee operate as a Normal User to reduce the "attack surface" of his or her computer by eliminating unnecessary privileges that can result in network exploits and computer compromises. As a Normal User, software is installed on an employee's computer by an IT Help Desk staff member.

The Administrator level (administrative rights) allows a user to install software that modifies the operating system, and these rights are reserved for IT staff in the interest of maintaining the integrity of the network. Power User rights allow a user to install and run applications that do not affect the operating system. This level of rights was designed to accommodate software written for execution under older operating systems. In the case of a valid business reason, Power User rights may be granted to those approved by the VP for Academic Affairs and Chief Information Officer. To minimize the "attack surface" of the network, Power User rights may be approved for a limited number of users either to address a one-time need or on a permanent basis.

If software which modifies the Trine University core image (list can be obtained from the IT Help Desk) is required, it must be used on a lab or test machine in order to preserve the users' production PC environment. IT must be contacted to assist with any software that requires a network to execute or that includes a multi-user, shared database. These requests are typically projects requiring approval of the IT Academic Sub-Committee.

Power User Responsibilities

- Document business reason for additional rights
- Do not modify software in the Trine University core image (list can be obtained from the IT Help Desk)
- Install software used for business purposes only
- Report all software installed to IT with proof of licensing (It is recommend that the license be registered to Trine University.)
- Only login as Power User when necessary to install or run software. Login as normal user otherwise
- Provide self-support of PC, excluding network connectivity and hardware break/fix service
- Store data in "My Documents", on a network server, or an external storage device
- Information Technology Responsibilities
- Maintain software inventory using licenses provided by Power Users
- If, after reasonable effort, a Power Users PC problem cannot be solved by the IT Help Desk, the corrective method will be a PC re-image. In this case, IT will reinstall the core image, copy personal user settings, .pst files, and the contents of My Documents folder.
- To request Power User rights, complete the form in appendix D on page 11

Appendix A – Security Access Warning Message

Successful prosecution of unauthorized access to Trine University computerized systems requires that users are notified prior to their entry into the systems that the data is owned by Trine University and that activities on the system are subject to monitoring. All multi-user computer systems will display the following warning message when a user attempts to access the system and prior to actually logging into a system:

This system is to be used only by authorized personnel and all others will be prosecuted. Activities on this system are automatically logged and subject to review. Trine University reserves the right to intercept, record, read or disclose all data on this system at the sole discretion of authorized personnel. Specifically system administrators may disclose any information on or about this system to law enforcement or other appropriate individuals. Users should not expect privacy from system review for any data whether business or personal even if encrypted or password-protected. Trine University abides by the Family Educational Rights Act of 1974 and takes precautions to prevent the disclosure of confidential information.

-
Use of this system constitutes consent to these terms.

Each system must require an active response from the user to move past this screen at the time of sign-on (i.e. user must press the Enter/Return key to continue).

Appendix B – Password Management Password Selection

Passwords are used to authenticate a user's identity and to establish accountability. A password that is easily guessed is a bad password which compromises security and accountability of actions taken by the user ID's which represents the user's identity.

What are popular passwords that could be easily guessed?

- Your name
- Your children's names
- Your spouse's name
- Birthdates
- Your parents' names

Other bad passwords are these names spelled backwards or followed by a single digit. Short passwords are also bad, because there are fewer of them; they are more easily guessed.

Especially bad are "magic words" from computer games, such as XYZZY. Other bad choices include phone numbers, characters from favorite movies or books, local landmark names, favorite drinks, or famous people.

Some rules for choosing a good password are:

- Use both uppercase and lowercase letters if the computer system considers an uppercase letter to be different from a lowercase letter when the password is entered.
- Include digits and punctuation characters as well as letters.
- Choose something easily remembered so it doesn't have to be written down.
- It should be easy to type quickly so someone cannot follow what was typed by watching the keyboard.
- Use two short words and combine them with a special character or a number, such as ROBOT4ME or EYE-CON.

Number of Characters	Possible
3	46,656
4	1,679,616
5	60,466,176
6	2,176,782,336
7	78,364,164,096
8	2,821,109,907,456
9	101,559,956,668,416
10	3,656,158,440,062,9
11	131,621,703,842,267

Appendix C – Confidential Information

According to Indiana Code 24-4.9 "personal information" means:

- Social Security number that is not encrypted or redacted, or
- Individual's first and last name or first initial and last name and one or more of the following:
- Driver's license number,
- State ID card number,
- Credit card number, or
- Financial account number/debit card number and security code/password, or access code.

Requesting Academic Adjustments for Disabilities

Students with disabilities who wish to request academic adjustments need to meet with the Director of Academic Support Services and provide recent documentation from an appropriate professional source concerning the disability. This documentation must contain a clear diagnosis, tell how the condition affects the student's ability to function, explains what academic adjustments are needed, and show how the disability relates to these adjustments. Generally, the documentation should be less than three years old. If a student is eligible for academic adjustments, the student's professors will be notified regarding the requested adjustments. A reasonable academic adjustment is based on documented individual needs, allows the most integrated experience possible, does not compromise the essential requirements of a course or program, does not pose a threat to person or public safety, does not impose undue financial or administrative burden, and is not of a personal nature. The exact nature of a disability will be kept confidential.

BUILDINGS

Aerospace Engineering Building

The Aerospace Engineering Building contains 4-by-4-by-6-foot subsonic and 4-inch supersonic wind tunnels, aircraft structures, machine shop, and student project laboratory. It also houses the office for Campus Operations.

Best Hall

Named in honor of John G. Best, a distinguished alumnus and former member of the Board of Trustees, the John G. Best Hall of Science contains classrooms and science laboratories. The building houses the Jannen School of Arts & Sciences, which was named in honor of Trine University alumnus and trustee, Dr. Robert L. Jannen and his wife, Dolores.

Best Hall also houses the Fairfield Lecture Room; the Department of Mathematics and Informatics; the Department of Science; the science laboratories; the telephone services; the Department of Criminal Justice, Psychology and Social Sciences, Middle College, and Study Abroad.

C.W. Sponsel Administration Center

Built in 1887, the Littleton M. Sniff Administration Building is the second oldest building on campus. It was named in honor of the second president of Tri-State College, Littleton M. Sniff. He served the institution as president longer than any other president in university history—over 30 years—and has been a major influence. In 2004, a multi-year, \$2 million renovation began, which included renaming the building the C.W. Sponsel Administration Center. The addition of a carillon in the bell tower of the building was a gift from current trustee and alumnus William Gettig. The bell chimes on the quarter hour and plays, among other tunes, the University alma mater.

Fawick Hall

The Thomas L. Fawick Hall of Engineering was named in honor of Thomas L. Fawick, an inventor, industrialist, and friend of the University. Renovation on the interior of the building and the updating of all laboratories, classrooms, offices, and the Kitsuda Seminar Room was completed in 1997. The building, which houses a scanning electron microscope, is the home of the University’s Allen

School of Engineering & Technology. The school is named after alumni Jerry and Jorja Allen. Fawick Hall also houses the McKetta Department of Chemical & Bioprocess Engineering, the Wade Department of Mechanical and Aerospace Engineering, the Department of Civil & Environmental Engineering, the Department of Electrical & Computer Engineering, and the Department of Technology.

The chemical engineering laboratories and offices are housed in the Howard P. Conrad Chemical Engineering Wing of Fawick Hall, named in honor of Howard P. Conrad, distinguished industrialist and friend of the University.

The central entrance of Fawick Hall is known as the Clifford W. Sponsel Tower and is named in honor of Dr. Clifford W. Sponsel, an emeritus member of Trine University's Board of Trustees and a 1931 civil engineering graduate of Tri-State College.

Ford Building/Franks School of Education

Named in honor of a former chair of the Board of Trustees, the Perry T. Ford Memorial Building is a three-level building that houses the Franks School of Education which was named after long standing trustee member Lawrence Franks. The Mary Mogish Kostyshak Educational Media Resource Center is also located in the Ford Building. The center offers a juvenile literature and school curriculum collection, kits, and audio-visual resource materials as well as workspace and materials to support education students. Named in honor of Paul and Mary Mogish Kostyshak, the Kostyshak Wing of the Perry T. Ford Memorial Building was dedicated May 19, 1995. Paul Kostyshak was a 1949 Tri-State College civil engineering graduate. The Ford Building also houses the Communication Department and the Music Department.

Forman Hall

Forman Hall, named after Leamen Forman, trustee emeritus which includes the Trine Welcome Center, named after current trustees Ralph and Sheri Trine, and the Radcliffe Conference Room, was dedicated in April 2001. It houses the Office of Admission, Office of Financial Aid, Office of the Registrar, Business Office, Human Resources Office, and Career Services Office.

Hershey Hall

At the center of Trine University's athletics is the Hershey Hall athletic facility, named in honor of Gen. Lewis B. Hershey. One of the best small school athletic facilities in the Midwest, Hershey Hall has a main basketball court that seats 4,500, an indoor walking track, two auxiliary gymnasiums, four volleyball courts, racquetball courts, a free-weight room and a fitness center. Hershey Hall has been the site of numerous championships including the men's volleyball MIVA championships and the women's volleyball NAIA bi-district playoffs. In March of 1996 and 1997, Hershey Hall was the site of the NAIA Women's Basketball National Championship games featuring the top 32 teams in the country.

Shambaugh Hall

From 1905 to 1970, William D. Shambaugh Hall was known first as the Engineering Building and later as the Recitation Building, which housed the classrooms for basic subjects. The building was renovated in 1988-89 and was named in honor of William D. Shambaugh, a distinguished alumnus. It now houses the Ketner School of Business which includes the Department of Business Administration and the Department of Sport & Hospitality Management.

T. Furth Performing Arts Center

Angola native Cliff Ryan graduated from Tri-State College in 1966 with a bachelor's degree in business administration-accounting. The gift from Ryan and his wife, Sigrid, will help refurbish the

T. Furth Center for Performing Arts, the former Angola Christian Church, which the university acquired in spring 2008. Their contribution will establish the center's Ryan Concert Hall.

Taylor Hall of Humanities

The oldest building on campus was completed in 1884 and received a complete renovation in 1992. It was named in honor of 1936 mechanical engineering graduate Dr. Charles Taylor, a Trine University Trustee since 1992, and his wife, Nancy. The Charles and Nancy Taylor Hall of Humanities houses classrooms, the *Triangle*, the university newspaper; the Wells Gallery, the Humanities Institute, the Writing Center, the Fine Arts Library, the English as a Second Language Department, and the Wells Theater, which includes a GTE projection system.

The ARC

The ARC is a multipurpose sports complex. With an indoor 200 meter track, tennis courts, volleyball, baseball/softball cages, basketball, indoor soccer, lacrosse, and more.

Witmer Club House

The 18-hole Zollner Golf Course offers scenic recreation with its newly renovated bunkers and many challenging holes. The golf course is named in honor of Fred Zollner, a prominent industrialist and former chair of the University Board of Trustees. In 1999, the Witmer Clubhouse was named for Wilber E. Witmer, a 1947 business administration graduate and golf course benefactor.

University Center

The center forms an activity hub at the middle of campus, housed in a sleek package of curved architecture, window walls, and black and grey granite floors. Amenities include the 320-seat Fabiani Theater, Whitney Commons, Sponsel library, the Center for Technology and Online Resources, Hornbacher fitness center, Trine Bookstore, WEAX radio station, and the campus post office. A main "S"-shaped atrium space anchors the center's strong design concept. Situated between the residential and academic areas of campus, it takes advantage of the student traffic passing between the two destinations.
