## Loan Interest Rate & Fees

Your **starting interest rate** will be between

**3.150%** and **9.150%**

After the starting rate is set, your rate will then vary with the market.

### **Your Starting Interest Rate (upon approval)**

The starting interest rate you pay will be determined after you apply. It will be based on your and, if applicable, your cosigner's, credit histories, the repayment option and loan term that you select, and the requested loan amount and other information you provide on the online loan application. If approved, we will notify you of the rate you qualify for within the stated range.

### **Your Interest Rate during the life of the loan**

**Your rate is variable.** This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the LIBOR Rate (as published in the *The Wall Street Journal*). For more information on this rate, see the Reference Notes.

Although the rate will vary, it **will never exceed 18%** (the maximum allowable by law for this loan).

## Loan Fees

**Late Charge:** \$7.50 or 5% (whichever is less) of the overdue payment if not made on or before the 10th day after its due date.
