

Title IX Employee Training

Title IX of the Education Amendments of 1972 (Title IX) prohibits discrimination based on sex in education programs and activities in federally funded schools at all levels. If any part of a school district or college receives any Federal funds for purpose, all of the operations of the district or college are covered by Title IX.

Title IX protects students, employees, applicants for admission and employment, and other persons from all forms of sex discrimination, including discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity. All students (as well as other persons) at recipient institutions are protected by Title IX – regardless of their sex, sexual orientation, gender identity, part – or – full-time status, disability, race or national origin – in all aspects of a recipient’s educational programs and activities.

Trine University has been and remains committed to Title IX and to the goals of eliminating sexual violence, sexual harassment, and sexual discrimination. In accordance with Title IX all employees of Trine University must participate in an annual Title IX training.
