

Jason Blume

A northeast Indiana native, Jason Blume is assistant vice president of Trine innovation1 (Ti1) and project lead for the Artificial Intelligence Maritime Maneuver Indiana Collegiate Challenge (AIMM ICC).

Blume has led Ti1 since 2014. In that role, he builds relationships with industry and entrepreneurs. He also coordinates the university's Career Center and STEM outreach efforts to area school corporations.

Prior to working at Ti1, Blume served in several technical and leadership roles with increasing responsibility in the areas of industrial valves/fittings, medical devices and automotive manufacturing. He has an extensive knowledge of lean manufacturing principles and their application.

Blume earned his Bachelor of Science in mechanical engineering from Trine in 2004 and his Master of Science in engineering management in 2016. He received the university's Distinguished Service Young Alumnus Award in 2007.
